# Democracy Will Prevail

*Looking back at a difficult year, we realize that there is little to say that has not been said before. It is not necessary to recount the numerous obstacles that have stood in the way of a return to democracy at AUB. We believe that we have exerted all possible efforts to remove those obstacles through sincere and open dialogue with students, faculty and administration. As small and limited student societies, we have tried and at times succeeded in playing the role that was not really our's, but rather the Student Council's. Our various attempts and failures at promoting democratic process at AUB are well known to the university community. The subsequent breakdown of democracy and the deterioration of student-administration relations have brought this academic year to a dissapointing end.*

*We felt though, that it was vitally important to show that our belief in democracy went beyond mere verbal commitment. It was important because we were aware of our responsibility to provide AUB students with the chance to exercise one of their most basic rights – freedom of expression. It was important, we felt, to exhibit to Lebanon and the Arab World that for at least a part of the AUB community, democracy lived on, despite the prevailing situation fostered by the administration. Therefore, OUR CAMPUS.*

*Just as the administration stood in the way of OUTLOOK and other democratic channels of expression in AUB, it stood in the way of an important AUB student tradition, CAMPUS. We were determined to produce our yearbook whatever the cost, effort or risk. So, in short time, with limited financial support and under the threat of administrative intervention, we collectively pooled our resources. OUR CAMPUS, virtually the only remaining form of democratic student expression is the product of those efforts. The recent violence done to democratic freedom in Lebanon delayed the appearance of OUR CAMPUS. Furthermore, we sincerely apologize for any mistakes in typing or identification and we hope that such mistakes will not seriously impair its value as a record.*

*We fear for the future of AUB. This apprehension is grounded not only in the gradual demise of student-administration relations and the present abnormal situation among our students. It springs, too, from the implicit threats made this year that this or that department or school may be closed down and faculty laid off because of financial problems. We fear not only for the cultural, political and social reputation of AUB as an integral and positive part of Lebanon and the Arab World. We also fear for the academic and educational reputation of AUB. It was this that moved us to express our apprehensions for the future of AUB.*

*We present this yearbook to our fellow students in the hope that it will serve as a lasting reminder to all, that the struggle for democracy at AUB continues. We are certain that ultimately, democracy will prevail.*

# The Memorandum Once Again

To : President S.B. Kirkwood and University Senate Members

Dear Sirs :

This memorandum is submitted out of sincere and firm belief in this university and in the necessity of restoring an open and fruitful dialogue between students, faculty and administration so that the University can continue to fulfill a constructive role in the area. We are well aware of the dangers facing the A.U.B. and are especially concerned about the financial crisis to which President Kirkwood has so often alluded to in recent months. We feel that we too must share the responsibility of finding a solution to this crisis. Had we been asked to suggest alternatives to tuition increases in the past, the University may well have been spared the crippling strikes of 1971 and 1974 whose effects have undoubtedly made themselves felt in the present financial crisis. Unhappily for all concerned, a crisis of confidence preceded the present crisis of finance. If we can solve this crisis of confidence, we may still contribute to a secure future for the University. We submit this memorandum, asking that it be considered as a contribution towards the restoration of a healthy relationship between the three bodies that make up the University. It can be considered our answer to the efforts undertaken by the Senate last year to institute a student-faculty dialogue and to the group of faculty members who, in their Ad-hoc committees, attempted to determine our views on various issues of mutual concern. The times then were not propitious : the campus had been invaded by police and the atmosphere was tense. Opinions were sometimes expressed in the heat of controversy. Though sincere, they may at times have been misinterpreted. We urge that this dialogue be resumed in any form possible in order to discuss the following issues :

## 1. The present situation on campus.

A number of measures were taken by President Kirkwood which have restricted student activity on campus to an absolute minimum. We do not feel that these measures are justified. The Hyde Park corner has been suspended. Intellectual talks and political lectures have been, for all practical purposes, banned. We believe that the University is not a place where one learns from books only : it is not just a factory of knowledge. It must be a total educational and cultural environment in which the student must be given the opportunity to live in and to understand his milieu. The student must be allowed the chance to study, weigh, and respond to the social, political and economic problems which beset the region. Outside activities are an essential part of this « total education » .

For example, we asked to hold a « Week for the South of Lebanon » to express our concern over a vital issue. The obstacles put in our path and, finally, the total ban imposed, served only to widen the confidence gap between us and the administration. We saw no justification for this ban. Therefore we suggest that these measures be rescinded. We, on our part, will continue to act within the rules and regulations laid down by the University. In addition, a number of warnings have been issued to students last summer and at the beginning of this semester. These warnings serve as a constant threat to the freedom of expression which the University guarantees its students. These warnings are self-defeating because they are in such stark contrast to the values and philosophies we are exposed to in the classroom. We ask you to reconsider these measures or

at least allow them to appear before the relevant committees to defend ourselves. The campus is « calm » but we don't have a healthy normalcy.

## **2. Student Council**

Following last years strike, the president dissolved the Council. He acted within his constitutional rights in doing so but did not call for new elections within eight weeks of its dissolutions as required by the constitution. Instead, he suspended the constitution itself and turned it over to the Senate for review. To date, it remains suspended. We cannot believe that any University can function normally without a democratically elected student council, itself an essential part of the « total education » we alluded to above. While it remains suspended, the confidence gap remains; indeed broadens. Such suspension becomes particularly harmful to a University if that University is undergoing a crisis, as ours is. A student council would indeed help to solve various crisis. So long as it is non-existent, the students cannot contribute to the future of AUB. In addition, its suspension creates one acute human problem. The Student Council Scholarship Committee, which in the past had helped a large number of needy students can no longer do so. As costs go up and the number of needy students increases, the necessity of accomodating them becomes greater.

## **3. The Students expelled**

At the beginning of the year, we asked that the 103 students expelled last year be readmitted. We feel that this is a case where the punishment has far exceeded the « crime ». Expulsion is a final and irrevocable measure which no University known to us resort to except in the most flagrant cases of criminal behaviour. Many of those expelled are in hard situation : student who had only one semester to graduate. Many cannot find places in other universities and have abandoned their careers in mid-stream. Many cannot afford education abroad, in Europe or the USA. We hope you will exert all possible efforts to alleviate this situation and thus take a vital step towards mutual understanding and confidence. A university is never only concerned with the letter of the law but rather with its spirit. Teachers are not policemen.

## **4. The University's financial crisis**

We have from the beginning of the year shown our concern with the financial crisis of AUB. Tuition increases have obviously done little to alleviate the magnitude of the problem. We would like to contribute our time and effort. We can do our share only if we are allowed our constitutional rights. We are very deeply concerned about the prospects of lowering our academic standards or changing the essential nature of the institution.

Once more, we respectfully request you to allow us to work together in order to surmount this gap in faith, without which no university can function properly, let alone survive its financial crisis. We therefore submit this memorandum and ask that you give it due consideration.

Yours sincerely

# Student Organizations in Different Lebanese Universities

Under this theme section there are 3 main parts. The first is a description of the student organizations of three different universities in Lebanon. The second is an interview with Dr. Edmond Naim, President of the Lebanese University. The last part is an article written by Mrs. Khairallah of the Cultural Studies Department.

Although these three sections may seem discontinuous, they have one thing in common. They all throw some insight on the problems a university has to face in establishing a democratic relationship.

## THE LEBANESE UNIVERSITY

A simplified chart illustrating student representation at the Lebanese University.

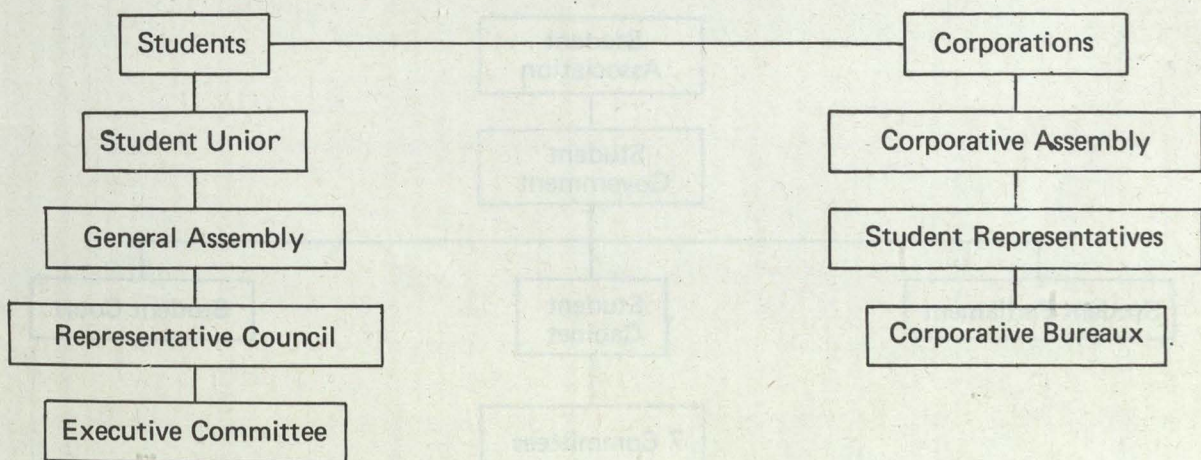

The Congress has the highest authority since it formulates the policy of the Executive Committee. It consists of representatives from the different faculties of the university. The Executive Committee follows up this policy which is then ultimately carried out by the 'Sections' (third body) representing each faculty. Another function of the 'Sections' department is to present reports of valuation and advice. The Bureaux is principally an advisory body whose president has to be a member from the Executive Committee and whose members are those of the 'Sections'. Last but not least, the General Assembly consists of the students of each school and the accumulation of all the different General Assemblies is the Student Body.

Participation of students is possible through this structure. In matters concerning participation in running the university students stress the need for a more direct involvement which they believe is essential for a true democratic atmosphere. We can add that the Lebanese University students have to some extent an effective role with the administration : the student body is well organised.

## ST. JOSEPH UNIVERSITY

A simplified chart illustrating student representation at the St. Joseph University.

The Student Union is reserved only for Lebanese students. When the members of the Union are meeting, they are in the state of General Assembly. This Assembly elects a representative council. The Council then elects and supervises the Executive Committee with the right to dissolve it if necessary. The president of this committee is the president of the Student Union who represents the Union at all official meetings.

The Chancellor, who plays a crucial role in the process of decision making, restricts to a large extent the student's freedom : Article 50 of the constitution of the student associations states that the student union cannot invite any personality to hold a conference without the prior acceptance of the Chancellor. Also, Article 97 points out that the Chancellor will never give his acceptance to a political conference.

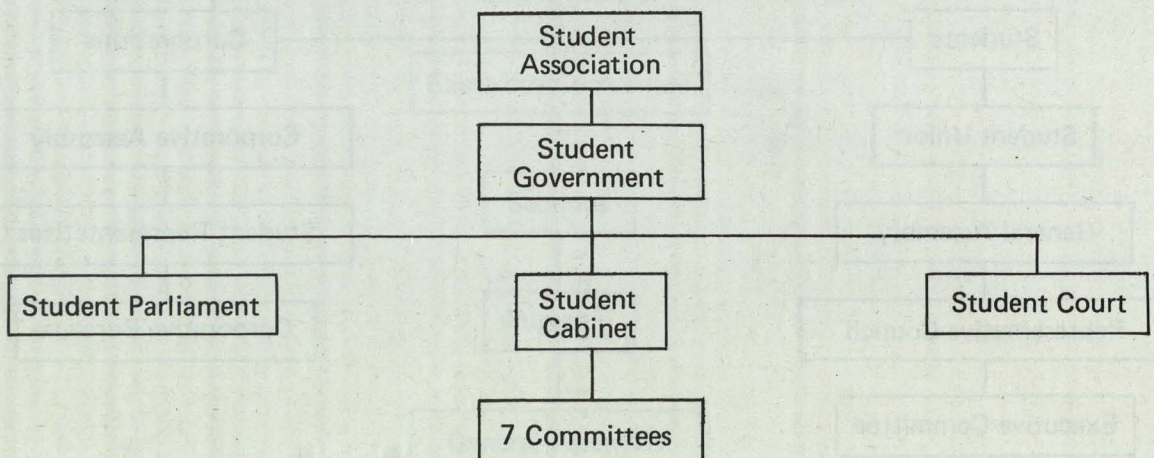

The Corporations role is to organize student-faculty-administration relations on academic matters; they are constituted on a departmental basis. When in meeting, the students of « traverse dirige's » groups elect their Corporative Bureau.

The Constitution of the Corporation or of the Executive Committee cannot be revised if the Status Committee has not given its approval. The members of this Status Committee are the Chancellor who presides the meetings, two faculty members and two students.

Most important is the fact that the administration has profited from the weakness of the student body, that is from the absence of organisation around a central committee of legal representatives, and has suspended the constitution and made the student-administration relation a one-way direction.

## BEIRUT UNIVERSITY COLLEGE

A simplified chart illustrating student representation at the Beirut University College

The Student Association elects a student government made up of three parts :

- the student parliament who assumes the legislative function : initiation of new rules and regulations
- the student cabinet, the executive branch and its president who is the president of the student association
- the student court which studies all disciplinary cases.

The constitution provides the existence of 7 committees, the president of each is a student cabinet member. The committees are the following :

- Recreational and cultural committee
- Boarders' committee
- Academic committee
- Publication committee
- Orientation committee
- Health and order committee
- the Social service committee

All the student-organizations must have a faculty adviser. At a first glimpse one may think that the B.U.C. has a highly sophisticated organization but in reality, B.U.C. has had its conflicts which can only be resolved through effective student participation.

AMERICAN UNIVERSITY OF BEIRUT

فاديا ، ان تبقى ، لان الاموال التي تشكل موازنتها تأتيها من رسوم الطلاب ومن مؤسسات غير الدولة اللبنانية . فحتى تتمكن من تمويل ادارتها يجب عليها ان ترفع رسوم التسجيل وان تؤمن مصادر تمويل اخرى .

ونظرا للكلفة الباهظة التي تتطلبها ادارة الجامعة في سائر شؤونها الادارية والاكاديمية ، فاني متيقن من ان مصادر التمويل تلك لن يعود بإمكانها تقديم المبالغ التي تتطلبها الادارة حتى وان كان مصدر التمويل دولة غنية جدا اذ ان هذه الاخيرة ما لم تجني مقابلا معنويا ، على الاقل ، من الاموال التي توظفها فانها ستمتنع عن تقديم العون . .

٥ - وماذا عن الفرق بين المستوى التعليمي بين الجامعة اللبنانية والجامعات الاخرى ؟؟

• مستوى التحصيل الجامعي يحدده بصورة عامة ثلاثة عناصر : العنصر الاول هو الامكنة والمختبرات وكل ما فيها من تجهيزات ، العنصر الثاني هو الهيئة التعليمية ، اي قيمة الهيئة التعليمية بالنسبة الى التدريس ، والعنصر الثالث هو الطلاب ، فلنجد مقارنة بين هذه العناصر بين جامعتنا اللبنانية والجامعات الاخرى . فيما يتعلق بالابنية الجامعية والتجهيزات ، فالجامعة اللبنانية لها بناء عنصري حديث في كلية العلوم يوازي ابناء اية جامعة ولديها المختبرات وكل التجهيزات الكافية وذلك بشهادة ابناء الجامعات الاخرى الذين اموا لبنان واطلعوا على كلية العلوم . اذا بالنسبة لكلية العلوم لا يمكن الجامعة ان تحسد اي جامعة اخرى . فيما يتعلق ببقية الابنية كبراني مجالات العلوم الاجتماعية تعلمون تماما انه لا يتطلب ان تكون الابنية مثالية حتى يتمكن الاستاذ من اعطاء دروسه بشكل مثالي والطالب ان يحصل بشكل مثالي ، الا انه ، طبعاً ، اذا كانت الابنية ابنية وظيفية ، ابنية حديثة تتوافر فيها كل الاسباب التي تؤلف الاجواء الجامعية ، فذلك يكون انسب . . اما بالنسبة لكلية الحقوق مثلا يمكنني القول بان البناء مقبول ويمكن ان يتم التدريس فيه بشكل لائق . اما فيما يتعلق بالكليات الاخرى ككلية الاداب والعلوم الانسانية مثلا فان الجامعة اللبنانية غير محظوظة كثيرا ومن هذه الناحية تحسد الجامعات الاخرى كثيرا . كذلك فيما يتعلق بمعهد كلية ادارة الاعمال فهي بمبناها لا تتناسب مع المتطلبات الجامعية . .

اما فيما يتعلق بالعنصر الثالث ، عنصر الطلاب ، لا اعتقد ان طلاب الجامعة اللبنانية مجبولون من طينة تختلف عن الطينة التي جبل بها طلاب الجامعات الاخرى . الفرق فقط انهم طلاب معسورون فهم بحاجة للعمل من اجل كسب العيش . ولذلك لا يمكنهم ان يتفرغوا بالقدر ذاته الذي يمكن طلاب بقية الجامعات ان يتفرغوا للتحصيل . واني اعتقد انه اذا كانت البرامج المطلوبة لتحصيل احدى الشهادات برامج كاملة وضبط تلقينها للطلاب فان النتيجة لن تكون اسوء او اقل مما هي في الجامعات الاخرى . وبالإضافة الى تشديدي على العمل الشخصي للطلاب والتحاقه بصورة عضوية بالجامعة من اجل التحصيل ، فاني اعلق اهمية اكب على التعايش الذي يحصل داخل الجامعة اللبنانية . فسكان الجامعة اللبنانية صورة مصفرة لسكان الدولة اللبنانية ، فالطلاب والاساتذة ينتمون الى كل الفئات الاجتماعية والطائفية والاقتصادية ، فيعرفون بالتالي ما هو الوضع الحقيقي للمجتمع اللبناني وكيف يجب ان يساس هذا المجتمع الموجود لهم والموجود بواسطتهم .

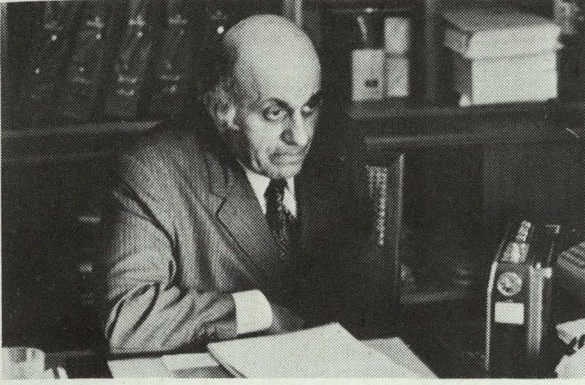

٦ - هل يعني كل ذلك بانه ليس هنالك اي صحة للدعاء القائل بان المستوى الثقيفي للجامعة اللبنانية ادنى من مستوى الجامعات الاخرى ؟

لا اعتقد ان المستوى التعليمي في الجامعات الاخرى اعلى من مستوى التعليم في الجامعة اللبنانية لان التعليم فيها يرتكز على معرفة وقيمة الاساتذة . اغلب اساتذتنا يدرسون في الجامعات الاخرى ، اذا قيمة التدريس في هذا المجال هي . عنصر الاختلاف هو الطالب الذي يتفرغ للتحصيل في الجامعات الاخرى . اما القول الذي يورد ان الجامعات الاجنبية تعد اجيال القادة في لبنان وفي بقية الدول العربية فهو ذو شقين ، بالنسبة للدول العربية يمكن ، اما بالنسبة للبنان فلا اعتقد انها تعد الجيل الذي سيقود الدولة اللبنانية في المستقبل . اني متيقن من ان الجامعة اللبنانية هي التي تعد هذا الجيل ، في الماضي كان ذلك صحيحا نما في الحاضر وستظهر نتيجة ذلك في المستقبل القريب ، لا بل انها اخذت تظهر في بعض المجالات كالادارات العامة والقضاء والمحامات . وستظهر ايضا في المجالات الاخرى كالتمثيل النيابي وهمل جرا . على كل انا اترك الامر للتفاعل الطبيعي ، فانه لا يمكنني ان اتدخل من اجل ازالة او انعاش الجامعات الاجنبية .

٧ - كيف تنظرون الى مستقبل الجامعة اللبنانية ؟

اعتقد انها ستكون الجامعة الوحيدة وطبعاً علينا ان نركز همنا على الحاق الطالب اللبناني ، بصورة عامة ، بشكل متواصل في الجامعة اللبنانية اي ان نوفر له اسباب العيش حتى يتمكن من هذا اللاحاق .

# حوار مع الدكتور آدمون نعيم رئيس الجامعة اللبنانية

١ - كيف تنظرون الى الطالب والى دوره في المجتمع ؟  
الطالب مواطن لم تفسده بعد ، بصورة عامه - طبعاً ، المصالح الشخصية وهو ينظر الى المجتمع بعيني طاهرة و يبتغي تطوير المجتمع بجعله مجتمعاً مثالياً . .

٢ - ماذا كان وقع ممارسات الطلاب الاكاديمية على الجامعة اللبنانية ؟  
في هذا الموضوع يمكنني ان اؤكد ان الطلاب باضراباتهم ، بامتناعهم عن تحصيل الدروس كانوا في اغلب الاحيان غير ناظرين لمصلحتهم المباشرة . ذلك انهم عندما اضرَبوا لغايات لا تتعلق بالتحصيل ذاته ، فوتوا على انفسهم جزءاً كبيراً من الغاية التي من اجلها دخلوا الى الجامعة دون ان يكونوا قد افادوا من هذا الامتناع عن التحصيل ، اذ يمكنهم الوصول الى غاياتهم باستعمال وسائل اخرى كالمظاهرات ، كالكتابة في الصحف ، كعقد المؤتمرات وبذلك يكونوا قد عبروا عن ارادتهم تعبيراً صاخباً يستلفت الانظار ومن جهة ثانية قد تابعوا التحصيل وهو الغاية التي من اجلها دخلوا الجامعة .

٣ - ما هو مفهومكم للمشاركة الطلابية وما هو تقييمكم لها ؟  
الطلاب عنصر هام من العناصر التي تؤلف الجامعة وبالتالي فمن حقهم بل من واجبهم ان يشاركوا في ادارة الجامعة . . طبعاً هناك مجالات لا يمكنهم ان يشاركوا فيها ذلك انها تتعارض مع مصلحتهم ، فلا يمكنهم ان يشاركوا في تقرير وضع البرامج والمناهج لان البرامج والمناهج هي المطلوب منهم من اجل الحصول على شهاداتهم الجامعية ، لكن يمكنهم ان يضغطوا من اجل ان يشاركوا في تقرير مناهج وبرامج مقتضية جداً . لذا اعتقد انه يعود لهم حق المناقشة في مضامين البرامج والمناهج دون ان يكون لهم حق التقرير . . وكذلك فيما يتعلق بالامتحانات . الطالب همه المباشر ان ينجح في الامتحانات وبالتالي لا يمكنه ان يشارك في المذاكرة في الامتحانات . انها فيما عدا الموضوعات المتعلقة بالامتحانات وموضوعات اخرى كوضع الاسئلة والتصحيح ، لا ارى مانع مثلاً من اشتراكهم في العمليات الامتحانية كحضور عملية جمع العلامات او حضور عملية فرز اوراق الامتحان من اجل بيان اسماء الطلاب التي تنقل علاماتهم او ما يسمى بعملية ترحيل العلامات .

والميزانية ؟  
بالنسبة للموازنة اني اعتبر ان لهم الحق ليس فقط باصوات استشارية بل ايضا باصوات تقريرية .

٤ - في احدي الصحف صرحتم بانه مع تطور الجامعة اللبنانية ستطلق الجامعات الاخرى ابوابها تلقائياً . اما موقف هذه الجامعات فيناقض ذلك تماماً حيث تعتبر انها توفر مستوى تعليمياً ارقى من المستوى الذي توفره الجامعة اللبنانية وتدعي ان الحق يعود اليها في تحضير جيل لبنان المستقبل . فآين الجامعة اللبنانية من هذه الاقوال وما هي نظرتها الى وجود جامعات اجنبية في لبنان ؟

اني اؤكد مجدداً هذا الرأي ذلك ان بقاء اية جامعة مرتبط بامكانات الجامعات الاجنبية مرتبطة بالرسوم التي يدفعها الطلاب . اما بالنسبة للجامعة اللبنانية فقد رأت الدولة اللبنانية ان توفر كل الاموال اللازمة لسيرها ، وهي اخذت بتأمين اعتمادات الموازنة سنة بعد سنة . وهذه السنة زادت الاعتمادات المطلوبة من الدولة اللبنانية للجامعة اللبنانية عن الاربعمين مليون ليرة وقاربت من ٤٦ او ٤٧ مليون ليرة لبنانية . اما بالنسبة للجامعات الاجنبية فهي ليست باصلها غاية لبنانية محضة ، فلقد استهانتها جمعيات غير لبنانية وافادت كثيراً المجتمع اللبناني وبعضها افاد المجتمعات العربية الاخرى كثيراً . الا هذه الجامعات لا يمكنها ،

## The A.U.B. Student's ABC of Power Structure \_ A selective but significant guide

**ADVISORY COMMITTEE** : Among the various faculty committees (such as Curriculum, Library, Scholarship, etc.) dealing with academic matters, this is the most important. The members are elected by the faculty at the recommendation of the Committee and consists of tenured professors (that is, faculty members on a life-time appointment) whose role (as the name of the committee implies) consists of advising the Dean of Faculty on issues concerning hiring, firing, promotions, etc. Their power does not extend further than advising and recommending. The Dean holds veto power.

**BOARD OF DEANS** : It is the chief academic administrative body, Meetings are presided by the President. The Provost also sits at the meetings. Any recommendation on academic matters from a Faculty goes to the Board of Deans.

**BOARD OF TRUSTEES** : A self-perpetuating body of a generally conservative nature. They are self-administrative and hold the ultimate power of the University. As stated in their by-laws : « The University through its appointed officers shall be under the direction of the Board of Trustees. The Board of Trustees shall be the ultimate authority in affairs of the University. » The number of members is not fixed and at present amounts to about twenty. Criteria for electing new members are various : a general interest in the Middle East; businessmen in oil, banks, companies with interests in the Middle East; an interest in medicine; and finally, an interest in education. The President and on the latter's recommendation, the Vice-Presidents, Deans, Comptroller and Director of the New York office are all appointed by the Board. In addition, faculty promotions ( Professorship, Associate Professorship and tenure) are given by the Board on the recommendation of the President.

**FACULTY** : The least powerful body in the University. Their opinions or decisions concerning academic and administrative matters are voiced as recommendations to the Senate. These decisions cannot counter or violate decisions made by all the other bodies mentioned in this ABC. Changes in their by-laws have to be approved by the Senate (see below).

**PRESIDENT** : The Chief Executive and Academic Officer. He acts as liaison officer between the Board of Trustees and the administration, faculty, community, government, etc. The President meets with the Board of Trustees (of which he is an ex-officio member allowed to vote) at every convened session, prepares the agenda and participates in the discussion. A number of University Administrators accompany him. Apart from wider financial and academic issues, the Board of

Trustees does not generally interfere in decisions made by the President.

**SENATE** : Responsible for general academic policy as an advisory body to the President. It may recommend through the President suggestions or reforms to the Board of Trustees. Meetings are called by the President who chairs them. Each Faculty or School elects its own Senate representatives in its own way. In the case of Medicine, Pharmacy and Public Health, it is a number of administrators who automatically represent their Faculty. In Arts and Science, the Advisory Committee recommends names of Faculty members to the rest of the Faculty who hold an election. Nominations from the floor are permissible.

The composition of the Senate : President, vice-Presidents, Provost, Deans, Dean of Student Affairs, Registrar, Distinguished Professors, Regular Members. The latter all hold the right to vote except for the Distinguished Professors (who only hold the right to speak).

Here is a list of Senate regular members (i.e., faculty members) :

Arts and Science : 8

Medicine : 2

Pharmacy : 1

Nursing : 1

Public Health : 1

Engineering and Architecture : 3

Agriculture : 3

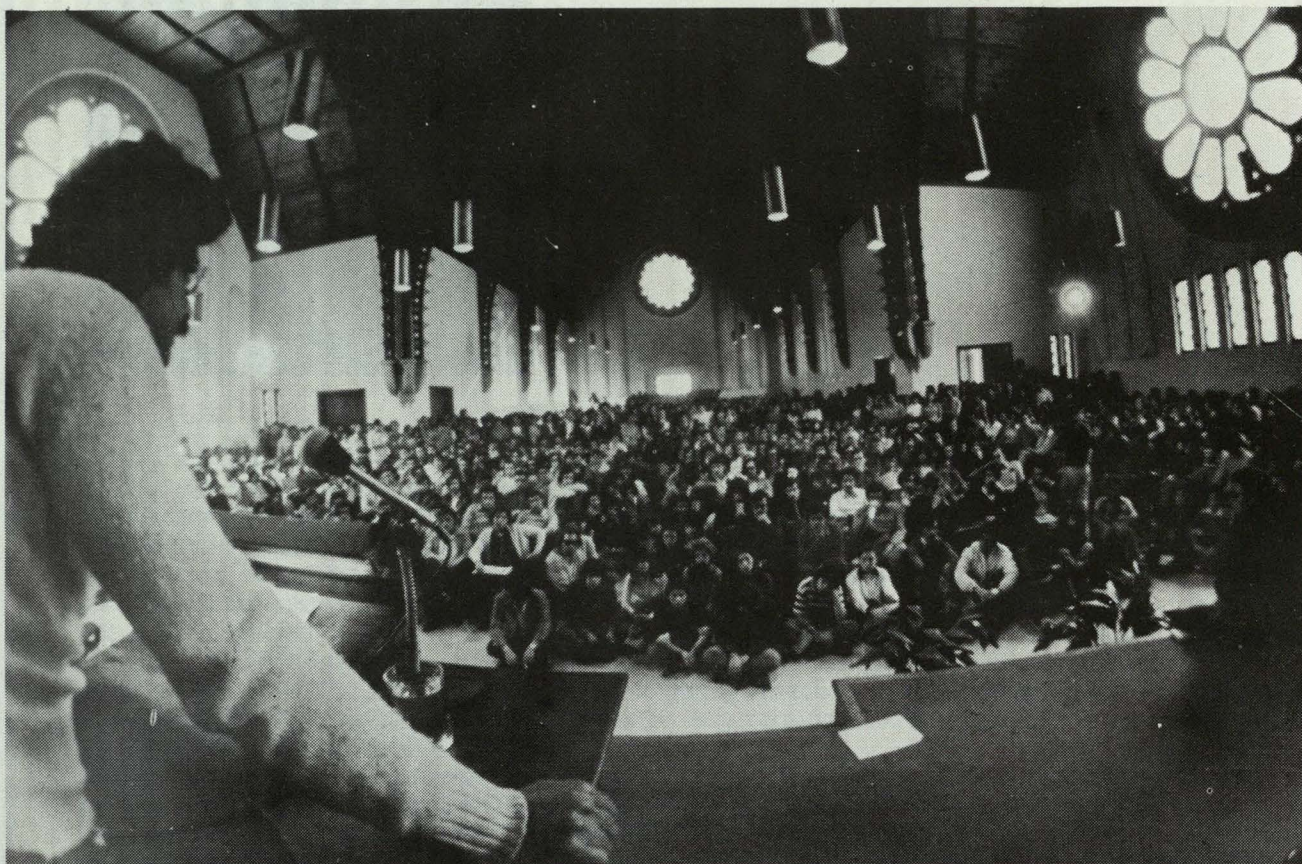

Alternate members (who vote only when a regular member is absent) : 9

The Senate regular members hence consist of nineteen members of the faculty who although hypothetically are supposed to represent fifty percent of the Senate Body do not do so in effect. The Senate is dominated by Administration by and large and the regular members almost never outvote the Administration.

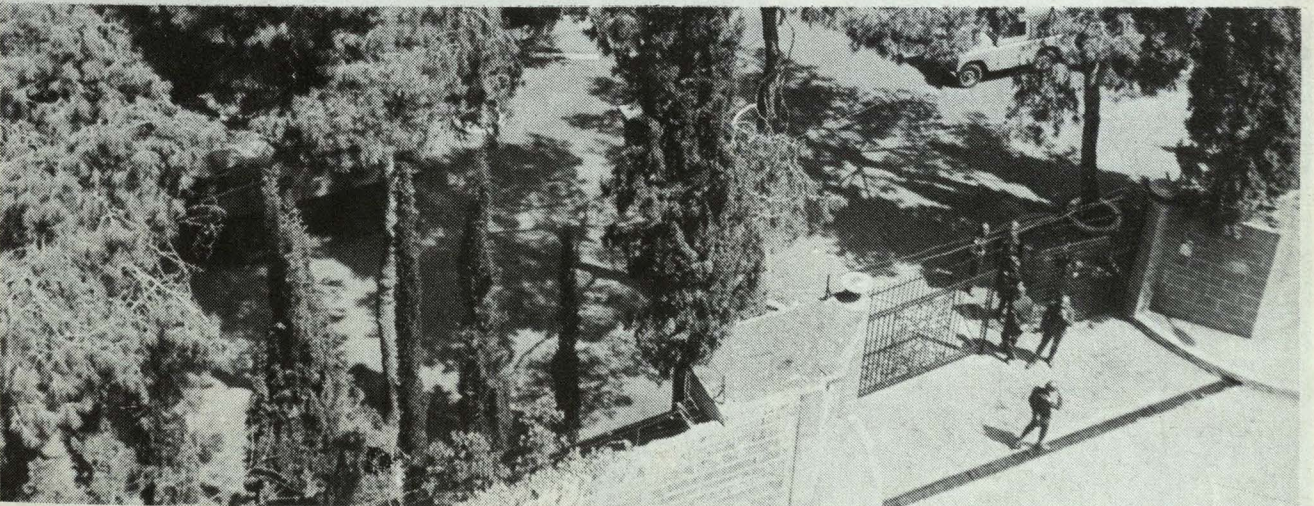

**UNIVERSITY COUNCIL** : An advisory body to the President. It consists of the President and a representative of each Faculty. Three of those are chosen by election and one by the President. The election proceeds in two stages : The faculty chooses two representatives and present their choice to the Senate who in turn chooses one out of the two.

### Quotations from our advisor:

«All of us in A.U.B. must move from the genteel atmosphere of the Arab salon into the less certain and less rarefied atmosphere of the Arab street... »

«The walls of A.U.B. are not the best answer to the Darwinian problem of adaptation to environment... »

«The FASSS cabinet deserves our deep admiration for reminding us all that the world outside is more real than the world within... »

«The secret of our survival is that A.U.B. has so far been the only Arab university. Our future must not be our past... »

«If, as some people claim, Palestine was lost on the playing fields of A.U.B., it can surely be reborn in the labs... »

« Mr President,

The business Students were deeply affected by the disappearance of one of their close friends Pierre Zaynah. They strongly believe that the university assumed some responsibility in this tragedy.

How can students come to classes under the continuous danger of being either shot or kidnapped? How could they study while thinking about their parents who might be at any moment under fire? Why didn't the university suspend classes, while all the other educational institutions did so?

We thank God that AUB and the Ras Beirut area have not been involved in the present incidents, and no shots or explosions were heard by the residents. We strongly invite you to sleep in any of the areas where the incidents are taking place.

In the light of the present situation, we ask ourselves if what happened to one of our dear colleagues will not happen to another one of us? Please suspend classes. »

# Earth. Love it and leave it.

Factories in the sky could be one answer to earth's pollution problems. But as man solves one problem he will face unique new ones—psychological, economic, and social—in the alien environment of outer space.

We're thinking about these kinds of problems now. We're Marsh & McLennan, industry's leading insurance brokers. We've specialized in the complex world of space exploration for years, helping solve the equally complex insurance problems that develop along with it.

No matter what business you're in, if you plan to be in it tomorrow, call us today.
